Attributes

Product Description

HP 15-FD0113 Laptop

The HP 15-FD0113 is a reliable and budget-friendly laptop designed for everyday computing, students, and office professionals. Powered by the Intel Core i3-N305 processor with 8GB RAM and 128GB UFS storage, it delivers smooth performance for everyday productivity, web browsing, online classes, and office applications.

Featuring a 15.6-inch HD display with a 1366 × 768 resolution, this laptop provides a comfortable viewing experience for work and entertainment. Its Natural Silver finish adds a clean and modern look, while Windows 11 provides a user-friendly computing environment.

Whether you need a laptop for studying, working, or everyday use, the HP 15-FD0113 offers practical performance in a stylish and lightweight design.
