Product Description

Product Description

The **Xiaomi Pad 8 WiFi (8GB/256GB)** is a premium Android tablet built for entertainment, productivity, creativity, and gaming. It features a stunning 11.2-inch 3.2K display with an ultra-smooth 144Hz refresh rate, delivering exceptional clarity, vibrant visuals, and fluid responsiveness for streaming, gaming, reading, and professional work.

Powered by the powerful Qualcomm Snapdragon 8s Gen 4 processor, built on an advanced 4nm architecture, the Xiaomi Pad 8 delivers flagship-level performance for multitasking, content creation, gaming, and demanding applications. Combined with 8GB RAM and 128GB storage, the tablet provides a fast and seamless user experience.

For multimedia enthusiasts, the Xiaomi Pad 8 is equipped with quad speakers featuring Dolby Atmos® and Hi-Res Audio, producing immersive sound with enhanced clarity. The tablet also supports 200% volume boost, making movies, music, and video calls more enjoyable.

Photography and video communication are handled by a 13MP rear camera with PDAF (Phase Detection Auto Focus) and an 8MP front camera, ensuring clear photos, document scanning, online meetings, and video calls.

The large 9200mAh battery provides all-day power, while 45W Turbo Charging helps recharge the tablet quickly. Additional features include Wi-Fi 7 connectivity, AI Face Unlock, USB Type-C, Xiaomi HyperOS 3, and TÜV Rheinland certification for a more comfortable viewing experience.

With its high-resolution display, flagship-grade processor, immersive audio system, and long battery life, the Xiaomi Pad 8 is an excellent choice for students, professionals, creators, and entertainment enthusiasts.
