Product Description

Product Description

Experience flagship-level gaming and creator performance with the Lenovo Legion 5 15IRX10 Gaming Laptop Core i9-14900HX RTX 5070. Designed for competitive gamers, streamers, and creative professionals, this premium gaming laptop combines Intel's powerhouse 14th Gen Core i9 processor with NVIDIA's next-generation RTX 5070 graphics for exceptional speed, AI-powered performance, and immersive visuals.

Powered by the Intel Core i9-14900HX processor, 16GB DDR5 RAM, and a 1TB NVMe SSD, the Legion 5 delivers lightning-fast load times, effortless multitasking, and the performance needed for AAA gaming, 4K video editing, 3D rendering, and demanding professional workloads. The NVIDIA GeForce RTX 5070 8GB graphics card features advanced ray tracing, DLSS AI acceleration, and high frame rates for smooth gameplay and creative workflows.

The stunning 15.1-inch 2.5K OLED display with a 2560 × 1600 resolution and 165Hz refresh rate delivers vibrant colors, true blacks, ultra-fast response times, and incredibly fluid gameplay. Lenovo's Legion ColdFront cooling technology keeps

temperatures under control during extended gaming sessions, while the Eclipse Black chassis and RGB backlit keyboard complete its premium gaming aesthetic.

Running Windows 11, the Lenovo Legion 5 15IRX10 is built for users who demand elite gaming performance, professional-grade visuals, and uncompromising speed.
