Product Description

The Lexar® JumpDrive® S80 USB 3.2 Gen 1 Flash Drive 128GB offers high-speed performance and reliable storage in a compact, durable design. With read speeds up to 150MB/s and write speeds up to 60MB/s, this flash drive ensures quick file transfers for your documents, photos, videos, and other essential files. The USB 3.2 Gen 1 interface provides fast, high-performance data access for both PC and Mac® systems, making it an excellent choice for users across different platforms.

With 128GB of storage, the Lexar JumpDrive S80 gives you ample space for storing and backing up important data. The plug-and-play design makes it easy to use without the need for additional software or drivers, offering a simple and convenient solution for transferring data between devices. Whether you're backing up your files, transferring large documents, or storing media, the Lexar JumpDrive S80 offers the speed and storage capacity you need in a compact, on-the-go flash drive.

Ideal for users looking for fast, reliable, and portable storage, the Lexar JumpDrive S80 USB 3.2 Gen 1 Flash Drive 128GB is the perfect tool for efficient file management and seamless data transfer between PCs, Macs, and other compatible devices.
